

ORAL HISTORY CALLOUT

PRIDE CENTER
TERRE HAUTE

WHAT IS AN ORAL HISTORY?

An oral history is a technique for generating and preserving original, historically interesting information – primary source material – from personal recollections through planned recorded interviews. This method of interviewing is used to preserve the voices, memories and perspectives of people in history. It's a tool we can all use to engage with and learn from family members, friends, and the people we share space with in an interview that captures their unique history and perspective in their own words.

PARTICIPANTS NEEDED

The Pride Center of Terre Haute is looking for people who are 40 years or older, identify within the LGBTQIAP+ community, and have spent most of their life in the Terre Haute area.

If this sounds like you, and you would be interested in sharing your personal journey of being Out in this community, we'd love to hear your story.
